Lessons 172 to 207: Improving handwriting

Introducing times tables and SATs practice

These 36 lessons include SPaG worksheets for KS1 SATs revision

In Lessons 172 to 207, children will have the opportunity to further develop their listening and reading skills with Letter-join's sets of fun KS1 revision worksheets and jigsaws. These worksheets have been especially designed to reinforce the children with high frequency and common exception words. In addition, they will also continue to practice their copying and writing of high frequency words in sentences which will aid their reading and spelling.

This section introduces Letter-join's times tables worksheets; these provide a chance to revisit the current operation of the numbers 0-9 whilst reinforcing the concept of the two, five and ten times table facts.

Towards the end of this section, Letter-join offers a series of worksheets to support KS1 SATs which are not only great for improving handwriting, but are also perfect for the revision of spelling, punctuation and grammar. Included in this section are 18 lessons aimed to boost your children's confidence with our useful, fun worksheets so they are SATs ready.
