

Word Animator

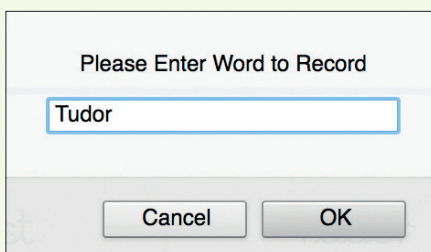

Create your own
ANIMATIONS!

Create animations of any word to replay to the class then save to a word bank and practise on IWBs

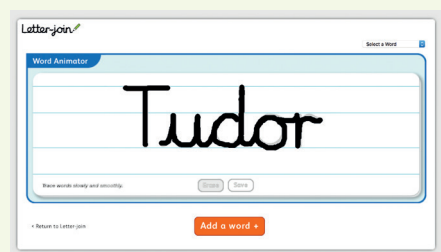

How to use the Word Animator to build a classroom word bank

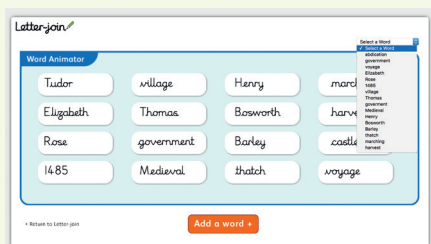

1. Enter a new word, up to 10 letters, which you would like to animate for your pupils.

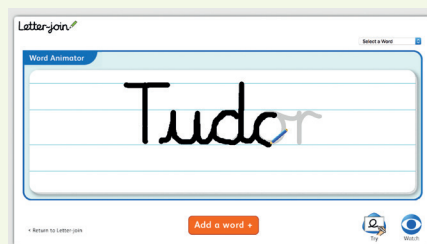

2. Trace carefully over the word. You can erase and start again, if necessary.

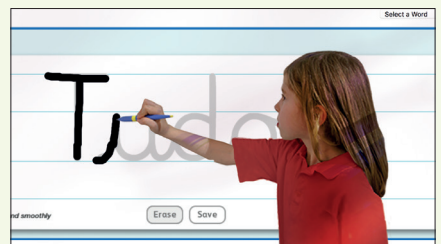

3. Press 'Save' to add the animated word to the word bank.

4. Select a word to replay either from the word bank or from the pull-down option.

5. Watch the word being written on your interactive whiteboard.

6. Pupils can practise writing the word using the 'Try' pop-up window.
